ABOUT THE PROGRAM

The National Innovation Hackathon 2026 is a national-level innovation challenge that provides a platform for students to develop creative, practical, and impactful solutions to real-world problems. Organized by AMIEE Association in collaboration with CMAOI Association, the event encourages participants to think beyond conventional boundaries and apply their knowledge to address societal, technological, environmental, and entrepreneurial challenges.

Open to students from all academic disciplines, the hackathon promotes interdisciplinary collaboration, innovation, and problem-solving. Participants may compete individually or in teams and present ideas, concepts, prototypes, business models, or technology-driven solutions across diverse themes such as Education & Learning, AI for Society, Sustainability, Rural Development, Entrepreneurship, Women Empowerment, and Digital Innovation.

Through expert mentoring, evaluation, and presentations, the hackathon aims to nurture creativity, leadership, and entrepreneurial thinking while empowering young innovators to contribute towards building a better and more sustainable future.
